Florida's Eden: Springs Heritage Region

THIS EDUCATIONAL EXHIBITION

features the best known cultural ambassadors for our North Florida region and their work as inspired by the water which defines us...our Floridan Aquifer, our fresh water springs, rivers and coastlines. Florida's Eden has curated this exhibition to introduce the Florida's Eden Heritage Springs Region, the regional call for action and public awareness campaign for protecting Florida's water and building economic development through green business and clean technology.
